Advisor Role

- Support and help you strengthen your independence
- Collaborate with you as you explore and plan your academic goals
- Connect you to campus resources
- Guide you in your path to a timely graduation

Learning Outcomes

Supported by the process of academic advising, you will:

- Understand academic requirements and policies and articulate the purpose of your educational requirements
- Locate and utilize campus resources that help you explore academic programs and promote academic success
- Select a major based on your skills and interests

Learning Outcomes

- Access and interpret your degree audit, create an academic plan, and monitor your progress toward degree completion
- Assume responsibility for meeting academic program requirements
- Engage with resources that support your professional development and career goals

COLLEGE OF BUSINESS UNDERGRADUATE PROGRAMS OFFICE

Welcome to the website for the College of Business Undergraduate Programs Office at Lehigh University. Connect to services, events, activities, academic resources, and special opportunities for business undergraduates by exploring this site.

The Undergraduate Programs Office is the hub for undergraduate student support in the College of Business. Our office suites in the Rauch Business Center (RBC 395 and 385) are home to advising, academic administration, professional development, and the communication professionals of the Philip Rauch Center for Business Communications.

Please contact us at 610-758-3400 or stop by from 8:15 a.m. to 4:45 p.m., Monday through Friday. We are committed to the academic and career success of our undergraduate students!
